To Make Me Wanna Leave You...
To Make Me Wanna Go Somewhere and Do Things I
Ain't Supposed To Do...
You Got Me Going Crazy...
Thinking I Just Gotta Get Away...
BabyGirl, You're Not That Far Away From A Nigga
Leaving You, Yeeeeaaaaah...
Alright breathe, let's talk for a minute, ain't gotta be
naive
As much as we argue, for real he might leave
In your mind you say your dude slackin
But how we going from being soulmates to you packing
Or me leaving, me creeping, us beefing
Going weeks without speaking for no reason
How you going to ignore me, or get a little jealous
Anytime a girl call me, making up your own stories
I been with you for years, supposed to die together
If I risk you for one night, I would hide it better
Now heres something you should think 'bout
You snatching numbers out my
just to call bitches I don't even think 'bout
And the madness all started with a cute crush
It all started with a
Told you I'd walk out your life and never look back
You mistook that so fuck it let's bring the hook back
Oo Girl You Know I'm Tired Of Coming Home To You
I Can't Even Come Home Without You Saying I'm
Girl You Know I'm Sick Of You
You Keep Playing These Games and Girl You Know I'll
Hit the Door
Oo, It's the Things You Do Girl
Why scream and why yell
I'm so sure I'm where I wanna be like Donnell
But that don't mean I can't go out with a friend calamari
and some cocktails
You puttin curfews on a nigga but it's not jail
Spaz anytime the AOL says you got mail
Hit the club you think I'm out being Akinyele
With nothing tempting me, Sleeping with the enemy
Argue by yourself baby I ain't got the
You wanna fight about the dishes, the dog, your

workplace, the cable
My friends, your parents, Myspace isn't faithful
There's two things cheating will do
Tell me we ain't meant to be or make me just
appreciate you
[Listen] I'm a be fine, just need some me time
Not us or we time, since we can't rewind
You fightin throwing shit at me
I ain't scrapin with you, fuck around
Lose the best thing that ever happened to you
Girl You Know I Can Be
I Can Be What You Want and Need
Girl You Know I Can Try
To Give You Everything You Need From Me
Girl All I Need Is A Chance
To Prove To You I Can Be Your Man
But I'm 'Bout To Leave...
