Those who are dead I'm not dead  
But just living in my head

Look...

Waddup greg was speechless I ain't know what to say  
Got the call like at 8 am with nig sayin you had passed  
away  
I'm like 1 nigga stay playin your Myspace page playing  
It started my day achin, it hit me like a tumor  
Felt like it was to soon ta thought it was a rumor  
Untill it wasn't a rumor, can't believe that it is over  
But if god called you I ain't need a mad hatter he  
must'a needed a soldier  
I was like your mentor you was like my friend nah  
When I seen you I would treat you like my kin and more  
We used to scream "fuck these niggas" like Tim Dog  
You was the only rap nigga I would fend for  
Just feinin for beats stuck between a dream and the  
streets  
You just wanted to be seen as elite  
Cause you loved far rock like I love jersey so I feel  
Ya but love something too much guarantee it'll kill ya for  
reala

Those who are dead I'm not dead  
But just living in my head

It's that on top music...

Riot squad keep ya head up remeber we would diss  
eachother on tracks  
Laugh about it when we met up I'm lookin in ya casket  
prayin a nigga get up  
For a minute I could'nthelp but think that you was set up  
No matter who you are you gotta answer when the lord  
callin  
I told you go and fuck with jimmy that's before ballin'  
Go get your cash right hard to slow down livin the fast  
life  
I just heard you on flex yo last night like was it old beef

Or was you gettin stuck up, I'm lyin outside your funeral  
Ran was really fucked up, and I was too but the  
difference is  
I was more in AH at the ignorant vaule of life the livin  
gets  
Brought the burner on you but you fought that dude  
I read the paper it said the pigs caught that dude  
It's sad another black man taken by a black hand  
Wishin last night in the club we coulda saved your last  
dance  
GOD DAMN

Those who are dead I'm not dead  
But just living in my head
