[Hook: Kirko Bangz]

I'm chillin' on top of the world  
Now you know all about me girl  
Tell em niggas I did it, look how I came up  
Tell em niggas I'm with it, if they bring my name up  
Tell em bitches I'm gone,  
Don't be callin' my phone if it ain't 'bout the money  
baby

[Verse 1: Joe Budden]

Hold up  
Lets get back to my loved ones, those of you that been  
with me  
Helped me exercise my demons, brought them to the  
gym with me  
????????????????????????????????  
Lets get back to them things I like, lets get back to that  
strippin' pole  
Lets get back to her poppin' that I ain't even really gotta  
tip her though  
?? while I'm on tour I mean every night different show  
And if you a little too sober just tell me your favorite  
liquor, ho  
Wait, tell me your favorite the liquor ho  
We them news you wanna get to know, cameras up no  
pictures though  
Looking for them broke niggas remember me there  
ain't none,  
To respect my position gotta respect where it came  
from

[Hook]

[Verse 2: Joe Budden]

She know I like it when the hair curled, sun dress, little  
bit of make-up on  
Turnpike, parkway either way we'll take it slow  
Hit the club, 20 minutes deuces either way I'm gone
