Featuring Emanny

(Verse 1: Joe Budden)

I feel like I've have dated every woman in the world  
Most were beautiful, some were cooperate worked in a  
little cubicle  
I done some shit to some that I would never do to you  
Cause some were tailor made but still wasn't suitable  
Come to yours I see why you be elusive  
Some took advantage off you, some were intrusive  
Some put they hands on you, some were abusive  
Most cheated on you must they think you were  
exclusive  
Ain't gotta say a word, I already know it  
Even if you scared to death it's I'll that you never show  
it  
I go to sleep with fear of losing you, don't wanna blow it  
I wouldn't be surprised if I did, that's typical Joe shit  
I lie forever, not only do she trust me,  
Her body is a work of art, there's a beauty in every ugly  
So for me as a friend don't appear so horrible  
Together we'll neva have to see em' again  
I love you

(Hook: Emanny)

You and I, you and I seem crazy  
I would die, you live my life my baby  
No one else gave a damn 'bout us  
Where we go, I don't know the future  
I just know, I don't wanna lose ya  
We're just taking our chance on love, on love

(Verse 2: Joe Budden)

I've been with every women in this world, except a  
virgin shit  
Some kept my soul alive just so they can murder it  
We're both broken pieces, both been hurt and shit  
Both took a chance on each other and it was worth the  
risk  
She low maintenance but she deserves a grip  
Give her the best of me cause she endured the worst

of it  
She been through so much, still she carry on,  
So if she comes with badges to carry on?  
So a life without I couldn't conceive,  
I tried to dump her one time but she wouldn't leave,  
And I ain't want her to so that was good to see  
Soon as I utter'd the world I damn near couldn't  
breathe  
Been trough the run around, took her of the carrousel  
Still in shook that her passion is unparalleled,  
I know she's ex's must be mad as hell  
When we were so broken down we had to gel,  
I love you

(Hook: Emanny)

You and I, you and I seem crazy  
I would die, you live my life my baby  
No one else gave a damn 'bout us  
Where we go, I don't know the future  
I just know, I don't wanna lose ya  
We're just taking our chance on love, on love

(Verse 3: Joe Budden)

Been with every type of woman, some of the baddest  
ones  
Some were cougars, still they actin young  
Some are gossip queens, but I ain't mad at them  
You make it bitter sweet, today that shit matters none  
Some I knew wouldn't last, went to grasp to gun  
Some played it cool but wasn't half as fun  
Some ain't over me, they just blame away  
Some I ruined myself, others came their way  
Some are models, ask left, started gaining weight  
Others waited my gang, but met the same fate  
Some moved to the city for a change of peace  
Some I never broke up with, just let it fade away  
Some never witnessed love, don't know what we see in  
it  
Wasn't strange for you so it's I'll how you believe in it  
If you done dated a few  
If I'mma take a chance on love I thank God he let me  
take it with you  
I love you

(Hook: Emanny)

You and I, you and I seem crazy  
I would die, you live my life my baby  
No one else gave a damn 'bout us  
Where we go, I don't know the future  
I just know, I don't wanna lose ya  
We're just taking our chance on love, on love
