Huh, no doubt, yea, yea
CNN
CNN once again
Capone-N-Noreaga, shit is live, live
Illegal life
Illegal life
Illegal life
Take over, son
Know wha saying, 41st side

We hate the law so we break it
Loyal to this life there's no way to escape it
You either make it or you take it
If the game's in you, dedicated stay true
Illegal life

We hate the law so we break it
Loyal to this life there's no way to escape it
You either make it or you take it
If the game's in you, dedicated stay true
Illegal life

Yo, I was in Vermada, laid up with gold saga
Jungle room, cowboy hat around June
Monaga, had the 45th draga, Capone-N-Noreaga
The saga, sega, mega, network and bodega
Dream marvelous, scandalous, black mantis
Illegal life is like my aerolight
We be your light, hustle night to life

Desert storm, and cold form on your norm
Run through, hard-boil you like John Woo
The law we hate, drop a cake cut like mix tape
Spoil coke plate, you buying fake weight
The next state, contemplate and score jake hesus
Conduce, claim bishop in juice, bloody up your goose
Now who screamed for truce, Lefrak is Iraq
Illegal life contract, keep 'em back, load up the big
macs

We hate the law so we break it
Loyal to this life there's no way to escape it

You either make it or you take it
If the game's in you, dedicated stay true
Illegal life

We hate the law so we break it
Loyal to this life there's no way to escape it
You either make it or you take it
If the game's in you, dedicated stay true
Illegal life

We hate the law, escalated war with jake, raise the
crime rate
Criminal minds regulate the tri-state
The legacy it never end, illegal life veteran salute
Get loot and stay true, corrupt jake make it happen
Snatch 'em catching O Z's, put the game on freeze

Dedicated hustling won't stop regardless
Whatever charges, getting the dough til' you go
Observation, direct sale, connects giving, reaching for
ceiling
On the streets again, wild born, the enemy became
your best friend
Meet the game closer, mapped out many ways to get
rich

Ay yo, for real crime pays
9 6 the deal, we real about this cheddar, forever
Corner standing, in any weather, heat holding you
down
Controlling your ground, stick-up kids come around
And taste the pound, CNN, put our soul on the line
For this life of crime, 2 5 forever shine
9 6 stay hungry, son, collect roughly
While the streets change, me and my man remain
toughly

We hate the law so we make it
(Break)
Loyal to this life there's no way to escape it
You either make it or you take it
If the game's in you, dedicated stay true
Illegal life

We hate the law so we make it
(Break)
Loyal to this life there's no way to escape it
You either make it or you take it
If the game's in you, dedicated stay true
Illegal life

C A P O N E with me, pappy, Hav and Pee
Tradegey Khadafi, N O Y D, a man and me
On some mobb shh, spark up cigar shh
Cubans sit back jack, my niggas smoke dat
Generate, be the coke razor on a coke plate

Back up the crime, son, and try to see a triple double
And get my loot back on a time table
Ay yo, it's CNN, you soon to see us on cable
At the round table, networked through the label
Illegal life, illegal life, illegal life
Illegal life, illegal life, illegal life
