All in the club like what?... dressed up, hair messed up
What? gold on my neck, don't sweat y'all sure respect
papa on the set
Death threat, I come a long stretch you can bet
Love is love for real, for real
Feel what you feel park hill 1 or 3 or 4
I throw darts till you can't take no more
It's war, prepare for darts, martial arts
Let me shine, keep me and mine, sun of... took too long
... remain top hip hop, drop to your knees for these

War, rap's under siege,... needs guns, I got European
funds
My... don't melt... mathemathics... my style
I pray like this, I break mikes in half
... I spray new york I'm an angel...
I respect my con, plus pack a...
I respect y'all, in the manner... in Atlanta
... my work is never done... my mike is stage one
... some times our thoughts get dirty
... you only got one life to live, think twice, 2012.
