[DTTX: repeat 4X]

I started this latin shit

You mean to tell me this the thanks I get

[DTTX]

I be caught up in the game

People hollering my name

Took trips over seas

On a red hot plane

Going circle for days and did Lowrider shows

Had plenty of hoes

Coming out they clothes

Getting down put my lick on them

I been there, done that

Now we about to sick on them

I got (?) sick in to hear about to break the scale

On your meter, wear white

Beat up and in the 2 seater

And house shoes, I paid my dues

And you don't even have a clue

On what you wanna do

Got it glock from here to Bancock

You know you done hating bumpin up your block

Worldwide keep 'em knockin'

Crowd I got 'em rockin'

By the end of the night your bitch is jockin'

And who's talkin', don't forget that I started this shit

A Latin thug in the clique ten years in the mix

[Chorus 4X: DTTX {Royal T}]

I started this latin shit

You mean to tell me this the thanks I get {Hello!}

[Royal T]

Hello, I started this shit

But you never know, cause it gets political

Badder with the jams

I be mack dance

So why the fuck am I ask outside

Fool looking in

Who slug them streets

Who bring you the heat
Platinum molon just at the swap meet
Got the underground lock
Like a hot drug spot
Pumpin' up your block
Like a thugs layin' rott
So get the radio
Just pump Low Pro
Make alot of doe
Off a little promo
Check the sales stand
And tell me who the man
Check the record sales
And try to understand
Form here to overseas
You sell like key's
Got the hotter latin shit off CD's
Who the fuck that be
That royal Royal T
Who started that shit homey
That be me

[Chorus]

[Proper Dos]
Another cholo
Going solo
Back in a low-low
3 wheel motion
Sippin' on potion
Trippin' off commotion
And these young fools coastin'
How they made this happen
Time for bitch slappin'
Fresh out the gate
The clear up to hate
Buy my first album
Flip it around
Check out the tape
Compare it to other rappers around that time
And tell me I didn't have that gangster rhyme
Gangster rapper originator
None greater
Used to love me
But ten years later
You turned hater
But all that hate
It can't change the past
I'm legendary
On any rapper off smash
Frank V babe

Can't fade my (?)
Excuse my french
But I'll break you jaw
Because crime pays that way
The hardest Latin rapper
And it stays that way

[Chorus]
