You're a mystery to me  
You make your own reality  
And I wonder who you are beneath your skin  
Guess I'll never know for sure  
But I was safe behind my door  
Can't think how I let you talk your way back in  
Should have known better then  
But I know better now

You can't hurt me anymore  
I'm not the fool I was before  
I ain't gonna cry again  
I don't believe the lies you tell  
So take your heart and go to hell  
Cause I aint gonna cry again

You think I need you but I don't  
You think I'll break down but I won't  
You've had everything you're gonna get from me  
Saw your pleasure in my pain  
And it released me from my chains  
And I woke up to my own insanity  
Waiting for changes that were  
Never gonna come

You can't hurt me anymore  
I'm not the fool I was before  
I ain't gonna cry again  
I don't believe the lies you tell  
So take your heart and go to hell  
Cause I aint gonna cry again  
I ain't gonna cry again

Now that I see you're twisted  
I don't know how I missed it before  
Maybe that's what drew me to you  
But this is now and that was then  
You'll never make me cry again

Should have known better then  
But I know better now

You can't hurt me anymore  
I'm not the fool I was before  
I ain't gonna cry again  
I don't believe the lies you tell  
So take your heart and go to hell  
Cause I aint gonna cry again
