Somethin' in the way she moves  
That attracts me like no other lover  
Somethin' in the way she moves me  
I don't want to leave her now  
You know I believe in how

Somethin' in the way she smiles  
And all I have to do is think of her  
Somethin' in the way she smiles for me  
I don't want to leave her now  
You know I believe in how

You're askin' me will my love grow?  
I don't know, oh I don't know  
Just stick around and let me show  
I don't know, oh I don't know

Somethin' in the way she moves  
That attracts me like no other lover  
Somethin' in the way she moves  
I don't want to leave her now  
You know I believe in how

You're askin' me will my love grow?  
I don't know, hey I don't know  
Just stick around and let me show  
I don't know, oh I don't know

Somethin' in the way she moves  
That attracts me like no other lover  
Somethin' in the way that she moves  
I don't want to leave her now  
Oh you know I believe in how
