Yesterday, I was out in the rain  
Wondering when I'd see the sun again  
Lonely hearts, baby, I wrote the book  
Since she walked away without a second look  
OhÂ...but now I feel good  
Cos' you look at me  
The way a woman should

I feel my soul rising to a new love  
No blues I can't rise above  
I feel my soul rising when I'm close to you  
When your with me girl  
There's nothing I can't do

Yesterday I was falling apart  
Picking up pieces of my broken heart  
YeahÂ... but one touch of your healing hand  
24 hours later I'm a whole new man

Yeah, and I'm stronger now  
Cos' you make the world a better place some how

I feel my soul rising to a new love  
No blues I can't rise above  
I feel my soul rising when I'm close to you  
When your with me girl  
There's nothing I can't do

I got sunshine on a brand new day  
And the grey clouds have all drifted away  
And there's nobody that I can't be  
If it's you and me
