Who knows what tomorrow brings  
In a world, few hearts survive  
All I know, is the way I feel  
When it's real, I keep my pray alive

The road is long  
There are mountains in our way  
But we climb steps every day

Love lift us up where we belong  
Where the eagles cry, on a mountain high  
Love lift us up where we belong  
Far from the world we know  
Up where the clear winds blow

Some hang on to "used-to-be"  
Live their lives locking behind  
All we have is here and now  
All our lives, out there to find

The road is long  
There are mountains in our way  
But we climb steps every day

Love lift us up where we belong  
Where the eagles cry, on a mountain high  
Love lift us up where we belong  
Far from the world we know  
Up where the clear winds blow

Time goes by  
No time to cry  
Life's you and I, alive, baby

Love lift us up where we belong  
Where the eagles cry, on a mountain high  
Love lift us up where we belong  
Far from the world we know  
Up where the clear winds blow

Love lift us up where we belong  
Where the eagles cry, on a mountain high

Love lift us up where we belong  
Far from the world we know  
Up where the clear winds blow
