I was feeling bad  
Kind of sad  
And I did not know the cause or the reason  
Then you came  
Walking by  
And you took away that sad and lonesome feeling

All the girls(?) was look from you  
Girl you made me smile  
Won't you come up close to me  
Let me talk to you a while

Cause baby you're my kind of woman

You were stepping high  
Looking fine  
Taking time to be a natural woman  
When I looked at you  
That was when I knew  
You were just the kind of girl that I've been wanting

You are such a lovely thing  
Only look at you  
Come over here and talk to me  
Let me get to know you

Cause baby you're my kind of woman

I know there are lots of other guys trying to get to you  
But they can't love you as good as I can  
No no no  
They know what you want  
But I know what you need  
Now come over here to me and you will understand  
Oh baby!

You are such a lovely thing  
Only look at you  
Come over here and talk to me  
Let me get to know you

Cause baby you're my kind of woman
