I don't care if you never come home
I don't mind if you just keep on
Rolling away on a distant sea
'Cause I don't love you and you don't love me

You cause a commotion when you came to town
You give 'em a smile and they melt
And lovers and friends is all good and fine
But I don't like yours and you don't like mine

La la, la la la la la
La la, la la la la la

I don't care what you do at night
Oh, and I don't care how you get your delights
I'm gonna leave you alone, I'll just let it be
Cause I don't love you and you don't love me

I've got a problem, can you relate?
I've got a woman calling love hate
We made a vow said we'd always be friends
How could we know that promises end?

La la, la la la la la
La la, la la la la la

I tried to love you for years upon years
You just wouldn't take me for real
But it's time that you saw what I want you to see
And I still love you, if you just love me

I've got a problem, can you relate?
I've got a woman calling love hate
We made a vow said we'd always be friends
How could we know that promises end?

La la, la la la la la
La la, la la la la la
