I wake up  
In every coffee cup I see your face  
Turn on the tube  
The Anchor woman on the news sounds like you

I've been livin' in a livin' Hell  
since you walked out  
All day long  
I've been waitin' on  
the sun to go down

The good news is tomorrow's another day  
but the bad news is tomorrow's another day

Chorus:

(and) I gotta keep on keepin' on  
keep on bein' strong  
I'd unfeel the way I feel  
If it would make you ungone  
Gotta stop livin' in the past  
look forward and not back  
This getting used to go goin' on without you  
Is gonna take some time  
The good news is tomorrow's another day  
but the bad news is tomorrow's another day

I'm on highway 23  
The road you took to take the breath from me  
And I almost lose control  
with every powder blue tempo  
that flies right past

There's a big red ball  
Hangin' in the sky  
This one didn't ease my pain  
But the next one might  
The good news is tomorrow's another day  
but the bad news is tomorrow's another day

Repeat Chorus
