For you the love that we knew
is over and done,
that maybe, but as for me
it still goes on.

You've found somebody new
that made you forget
what we had, but I can't do that yet.

Chorus

I'm not through losing you.
I haven't gotten to the ending.
I love you just as much
as I did back at the beginning.
There's a lot of letting go for me to do...
I'm not through losing you.

I pray one of these days
that I'll wake up and I'll be past
looking back on our love.

Somehow its easier now,
to keep hold 'in on
till the day I find the way to let you go.

Chorus

I'm not through losing you.
I haven't gotten to the ending.
I love you just as much
as I did back at the beginning.
There's a lot of letting go for me to do...
I'm not through losing you.
I'm not through losing you.
