I'm gonna find me a new way to light up an old flame  
With a little bit of luck and a hug there's gonna be a big  
change

I've got a strong desire to start the kind of fire  
That'll burn through a pouring rain

I'm gonna find me a new way to light up an old flame

I've had all that I can stand, I've got roses in my hand  
And old feelings in my heart

Now I'm knocking on her door, I can't stay away no  
more

'Cause we're no good apart

I'm gonna find me a new way to light up an old flame  
With a little bit of luck and a hug there's gonna be a big  
change

I've got a strong desire to start the kind of fire  
That'll burn through a pouring rain

I'm gonna find me a new way to light up an old flame

I'm going take her out tonight and put a spark back in  
her eye

That will never fade away

She'll see the love inside of me, a sight she never got  
to see

She won't know what to say

I'm gonna find me a new way to light up and old flame  
With a little bit of luck and a hug there's gonna be a big  
change

I've got a strong desire to start the kind of fire  
That'll burn through a pouring rain

I'm gonna find me a new way to light up an old flame

I've got a strong desire to start the kind of fire

That'll burn through a pouring rain

I'm gonna find me a new way to light up an old flame
