She might be
Living in Dallas
Or Denver, Colorado
I know she likes it cold
She might have packed and moved back
To Alabama
There's no tellin' where she is
But there's one thing I know

She's a whole lotta gona
And we're a whole lotta through
How can I hold on
When there's nothing to hold on to
There's a whole lotta difference
Between love and alone
And when you add up the distance
She's a whole lotta gone

Well I was wrong
And I admit it
I took a lot for granted
Just a little at a time
But I still can't believe
She went and did it
At night I dream
Where she might be
Just to wake up and find

She's a whole lotta gona
And we're a whole lotta through
How can I hold on
When there's nothing to hold on to
There's a whole lotta difference
Between love and alone
And when you add up the distance
She's a whole lotta gone

I know she ain't comin' back
That's just the way it is
Say it any way you want
But it comes right down to this

She's a whole lotta gona
And we're a whole lotta through
How can I hold on
When there's nothing to hold on to
There's a whole lotta difference
Between love and alone
And when you add up the distance
She's a whole lotta gone

When you add up the distance
She's a lotta gone
She's a lotta gone
