Stretch Stretch.. (Whassup sup?)

I'm tryin to figure out a way to start this rhyme off

(Mmm)

You ain't got no ideas? (Nah)

Aight, I'll start it like this (Aight)

Check it, yo

{*P. Diddy's "Bad Boy for Life" beat plays*}

FUCK, you! (haha) I'm all nuts, no glory

You're walkin now but nigga what's the story?

You better, duck when I go BOOM, cause suckers bore

me

and yeah, I probably hate Tommy Boy as much as Nore

do

Who the best? Eminem, Jigga or Nas?

Cause when it comes lottery time, that spot'll be mines

You takin the throne is under the bridge

And yeah, you might be +Ready to Die+ but none of

you +Big+

So, you've been dared to listen

'til the fiercest rhythm'll spit air condition glitter and

wrist cool

FUCK doom, I don't age

Cut "Boom" up loud and see a mushroom cloud on

stage {*explosion*}

Do the math, four knuckles'll give you six months

and, you niggaz is so pussy you make my dick jump

(haha)

I don't wish to be king, I'll pass the throne

Whatever shines too bright shines half as long

I don't kiss hoes, I only put my lips on a cup

Pee-wee niggaz, go somewhere and piss on your nuts

(haha)

God gave me this life, and if he decides to envy and

give me

I'm takin the flow of the century with me

Oh, so if you feel insane, and want a war

Reality check, you not ready, your soldiers is still in

trainin

A bunch of hundreds that'll read the menu
We run tabs with receipts sayin "To be continued.."
And - bully niggaz this is your day
Meet me at the flagpole so you can hit me in my fists
with your face
And snitch niggaz is common as E-Bay wear
Uhh, give the cops more +Alerts+ than DJ Red
I got the blood of a dead soldier, on my palms
and the scent of yo' bitch lingerin on my fingertips
And you niggaz is deep, I got a deep barrel that'll blaze
So FUCK deep, the deep shall lay in a shallow grave
For you deep niggaz.

{*beat switches to Lord Tariq & Peter Gunz' "What's
That Sound?*"}

Uhh.. {Stretch Armstrong is now in your world..}

Yo, I determine what time it's on, I call my nigga Proof
Hand him a pint of Limon and turn him loose!
I'm tired of you new jacks
I'm tired of niggaz sayin they bout to blow
'Less you a bitch, I don't care if you bout do that
Move back, youngster, the glock gon' speak
Chew up your vest and turn your chest hair to taco
meat!
The street, continuous to pit, too quick to smash ya
or flash the clip, or give you the picture develop
The click clock, six shots blows through another door
And it gets hot, this Hip-Hop Quotable tug of war
Who did ya niggaz beats you bitches, who made it
work?
That shit was {*phwrt!*}, I got harder 2-Way alerts
You get toe-up and re-torn; by the walkin bomb
that I blow up and re-form, grow up then re-born
Told you I'm a star that's gon' live forever
Servin life sentence and get out and go to the bar
So nigga take BLLAT! I gotta go to the car
BLLAT, oh BLLAT! I gotta throw it in 'park'
The iron'll wet ya - the Mausberg pump
with the buckshots shells'll turn a nigga into Chinese
Checkers
I don't even start writin 'til I'm on my third 5th
That's what you get, when Beatminers meet the
Wordsmiths
Uhh, every time I go out, I cop somethin new
Every time I throw this right hand I knock somethin
loose
Who the fuck think they can see me? Might as well
call the wife and tell her you're not comin home and to
take it easy

My guns don't shoot, they WOOF!
At them sissy-ass niggaz type to accidentally shoot
they foot
Desert Eagle too big for you bitch-ass niggaz
Soft-ass palms, can't take the kickback niggaz
And you wonder why they suckin my dick
Or why I keep a suitcase with a hundred grand
handcuffed to my wrist
Or why the watch could possibly make you lose your
sight blinkin
on the wrist, lookin like halogen hazard lights blinkin
Royce 5-9 in this bitch
About to sprinkle gunfire on any snitch
Now who the fuck want it, bitches?

Yeah, uhh, uhh
