[Intro: Culture (Cappadonna)]

Speak wit I'm em, I'ma watch this  
Ah ah ah, Cappa, Cappa  
Keep ya head to the sky  
(Keep ya head to the sky)  
Keep ya head up  
(Some things might just change, right?)  
Keep ya head to the sky)  
Ya hear?

[Cappadonna]

Keep ya head to the sky, not for a mystery God  
But times are hard, take a look around  
Poor people treat ya brother as a equal  
Snuffin to be found on the ground  
These ain't the faces of a clown  
We the meak, God bless us whenever I speak  
My job is to teach, even if I drink, sex on the beach  
My mind is still in reach  
Never too far away from the pains of today  
And I say, comin in, my brothers gotta pass away  
Before we come together and pray, God is the way  
One of my sisters ran astray, jail with my people is the  
long hallway  
I see it like the eyes of Kunta Kente, we all gon' pay  
Children away from judgement day  
I respect Jah Selaseai, some things money can't buy  
And I tell you no lie, keep ya head to the sky

[Chorus]

Keep ya head to the sky, keep ya head to the sky  
Some things money just can't buy  
Keep ya head to the sky, keep ya head up  
Keep ya head to the sky, keep ya head to the sky

[Cappadonna]

Only the flesh die, but the soul is forever  
I'm all for God, lovin the father, don't bother  
If you can't follow, mind's are hollow  
Never a thug, even though I sold drugs to survive  
It's all over, now I'm sober, I'm not a Roc-A-Fella or Jay-

Hovah

I'm just one soldier similar to P, I shed light

G-O-D to the fullest, these thoughts are like bullets

Hit you out the ordinary but don't worry

I'm like the fort singin on the ferry

The fairy Godfa
