All in the club like what?... dressed up, hair messed up  
What? gold on my neck, don't sweat y'all sure respect  
papa on the set  
Death threat, I come a long stretch you can bet  
Love is love for real, for real  
Feel what you feel park hill 1 or 3 or 4  
I throw darts till you can't take no more  
It's war, prepare for darts, martial arts  
Let me shine, keep me and mine, sun of... took too long  
... remain top hip hop, drop to your knees for these

War, rap's under siege,... needs guns, I got European  
funds  
My... don't melt... mathematics... my style  
I pray like this, I break mikes in half  
... I spray new york I'm an angel...  
I respect my con, plus pack a...  
I respect y'all, in the manner... in Atlanta  
... my work is never done... my mike is stage one  
... some times our thoughts get dirty  
... you only got one life to live, think twice, 2012.
