"War In Heaven"

I never felt this way before.
Fighting the devil that's in me.
Stealing your soul was not in vain
For a life time.

There is a war in heaven
For a devil that's falling in love.
There is a war in heaven
For the devil that's hiding in you.
There is a war in heaven
For a devil that's falling in love.
There is a war in heaven
For the devil that's hiding in you.

This new sensation was unknown.
You've won the battle with my heart.
I'm not afraid, i'm not alone
For a life time (i'm in love now).

No one can't hurt me anymore.
I've found the way to follow you.
I'm just a devil who's in love,
For a life time.
