You say you want drama
I'll give you drama
You want muscle
I'll give you nerve

You want sugar
Would you settle for honey?
You want romance
Would you settle for love?

Would you settle for love?
Would you settle for love?
Would you settle for love
Or do you need
All that meaningless stuff?

Would you settle for love?
Would it be enough?
Baby, would you settle for love?

You say you want fire
I'll give you fever
You want kisses
I'll give you all I got

You want diamonds
Would you settle for rhinestones
You want romance
Would you settle for love?

Would you settle for love?
Would you settle for love?
Would you settle for love
Or do you need
All that meaningless stuff?

Would you settle for love?
Would it be enough?
Baby, would you settle for love?

Would you settle for love?
Would you settle for love?

Would you settle for love
Or do you need
All that meaningless stuff?

Would you settle for love?
Would it be enough?
Baby, would you settle for love?

Would you settle for love?
Would you settle for love?
Would you settle for love
Or do you need
All that meaningless stuff?

Would you settle for love?
Would it be enough?
Baby, would you settle for love?

C'mon, tell me now
I need to know, yeah

Would you settle for love?
Would you settle for love?
Would you settle for love
Or do you need
All that meaningless stuff?

Would you settle for love?
Would it be enough?
Baby, would you settle for love?

Ooh, honey, yeah, yeah
