Some things going on feel it very strong can't help  
myself  
being here with you don't know what to do to control  
myself  
I want this moment to go on and on and on  
don't know what to say got to find a way to make you  
mine

Cause my love comes alive in your eyes  
wish you where my girl  
(wish you where my girl)  
and the the night would be full of the signs  
if you where my girl  
(wish you where my girl)  
girl I hope you can see it's not easy for me I can't hide a  
true emotion  
cause my life comes alive in your eyes  
wish you where my girl

oh standing in the rain watch you walk away just for  
one time  
I wonder if you know to never make it show what's on  
your mind  
I'm looking at you and i see my chance go by  
don't know what to say got to find a way to make you  
mine

Cause my love comes alive in your eyes  
wish you where my girl  
(wish you where my girl)  
and the the night would be full of your signs  
if you where my girl  
(wish you where my girl)  
girl I hope you can see it's not easy for me I can't hide a  
true emotion  
cause my life comes alive in your eyes  
wish you where my girl

Cause my love comes alive in your eyes  
wish you where my girl  
(wish you where my girl)

and the the night would be full of your signs  
if you where my girl  
(wish you where my girl)  
Cause my love comes alive in your eyes  
wish you where my girl  
(wish you where my girl)  
and the the night would be full of your signs  
if you where my girl
