Ah, hands in the air keep it up all night long  
Ah, hands in the air, and you don't stop to the break of  
dawn come on

Yo it's time to eject I jump on the set  
Hit ya with my rap as I come correct  
The fun has just begun I'm the one  
Kickin' the flow to the bass and the drums  
M-E-D-I-A that's the label  
DJ's spinnin' my tracks on their tables  
I keep the jam pack from the P to the AM  
Watch me slam now who's the man

You are my love, won't let you get away (who's the  
man)  
You are my love, won't let you get away (who's the  
man)  
The melody will put you in trance  
Wave your hands come on and dance

Busted up all over 'gain baby, baby  
Busted up all over 'gain baby

With the gift to roll I take control  
Over your mind your body and soul  
Energy club I got you hoppin' non-stoppin'  
A mic check one, two, now I'm rockin'  
On and on like a train on the move  
Don't need to groove just check out the groove

I keep the jam pack from the P to the AM  
Watch me slam now who's the man

Yo it's time to eject I jump on the set  
Hit ya with my rap as I come correct  
The fun has just begun I'm the one  
Kickin' the flow to the bass and the drums  
M-E-D-I-A that's the label  
DJ's spinnin' my tracks on their tables  
I keep the jam pack from the P to the AM  
Watch me slam now who's the man
