They say I'm crazy  
To give my love to you  
When you keep doing me  
The way you do  
But I don't care (I don't care)  
I still believe (I believe)  
It's better to give baby, than to receive

They say you hurt me  
Maybe that is true  
But all of my joy  
My joy's giving love to you  
So, just let them talk (let them talk)  
I still believe (I believe)  
It's better to give baby, than to receive

Life ain't worth living  
Unless you're giving  
To the one you love  
Oh yeah, to the one you love  
I say it's so much better  
I know it's better  
It's better to give baby, than to receive  
Play it boy

They say you're running  
Running around on me  
I don't know why  
I don't why they won't let me be  
So, just let them talk (let them talk)  
I still believe (I believe)  
It's so much better, baby to give, than to receive

I do believe (we do believe)  
I do believe (we do believe)  
Tell me do you believe? (we all believe)  
Let me hear you say it one more time (we all believe)  
We all believe (we all believe)  
It's better to give (we all believe)  
Than to receive (we all believe)
