Let it rain, let it rain  
Let it rain, let it pour  
We'll have one for the road,  
put the bolt on the door  
Let it rain cats and dogs  
Let it rain rats and snakes  
But just bring us more grog  
And another red steak

Let it rain, let it hail  
Let it rain frogs and toads  
But just bring us some ale,  
we'll have ten for the road  
Let it blow, let it roar  
Let it rain bats from Hell  
Wipe their arses and pluck 'em,  
we'll eat them as well

Did you hear about Clyde  
Who ate ribs 'til he died  
At a sign that said  
'All You Can Eat For Ten Bob'  
When the doctors were done  
pumping out his insides  
He went back the next  
morning to finish the job

Let the skies turn to black  
Let it rain kangaroos  
But just give us tobacco  
and tucker and booze  
So who cares about Heaven  
Or burning beneath  
When we're all busy digging  
our graves with our teeth

Did you hear about Matt  
who fell into a vat  
Well they say that he drowned

but it took him a week  
And they say that it wasn't  
as strange as all that  
When you think that he kept  
getting out for a leak

Let it rain, let it flood  
Let 'em load up the Ark  
Bring us buckets of blood,  
while they sink in the dark  
Give 'em two vegetarians  
And two of the poor  
And two of the tossers  
who say less is more
