Jamie G. I want you
Even though I know that I can't have you
Even though, I don't know which way you'll go
I'm dying to come with you

What kind of times are these
A guy can't do what he pleases
But the way that you tease
I'd risk all diseases

Jamie G. I want you
Even though I know that I can't have you
Even though, I don't know which way you'll go
I'm dying to come with you

C'mon let's drink champagne
Before they bring back prohibition
Smoke a pack or two
Then try another position

Jamie G. I want you
Even though I know that I can't have you
Even though, I don't know which way you'll go
I'm dying to come with you

Jamie G. I want you
Even though I know that I can't have you
Even though, I don't know which way you'll go
I'm dying to come with you
Oh, Jamie G. c'mon
