You make a guy feel humble
I make a fool of myself again
You make me trip and stumble
Just go dance by yourself again

I'll just watch
'Cause that's all I wanna do
But remember
That I'm here with your drink
At my table for two

And you're kinda kute baby, kinda kute baby
See you dance in your satin suit baby
When you move gotta sit right down
No competition with this kinda kutie around

I see you pass by my window
Have to run down the stairs again
I fix my hair around a corner
Catch you quite unawares again

And you laugh
And you move that way again
Just like last night, oh yeah, that's right
I'm the guy with the big feet
But plenty of nerve

And you're kinda kute baby, kinda kute baby
See you dance in your satin suit baby
When you move gotta sit right down
No competition with this kinda kutie around

Don't you know that
All you gotta do
Is remember
That I'm here with your drink
At my table for two

And you're kinda kute baby, kinda kute baby
See you dance in your satin suit baby
When you move gotta sit right down
No competition with this kinda kutie around

Kinda, kinda kute baby, kinda kute baby
See you dance in your satin suit baby
When you move gotta sit right down
No competition with this kinda kutie around

This kinda kutie around
This kinda kutie around
This kinda kutie around
