Here she comes just a-walk, just, just a-walkin' down  
the street  
Singin' down do be do do wop a do do wop a do do wop  
Down do be do do wop a do do wop a do do wop  
Hey

I took a walk round the market down town  
Taking it easy just to see what I could find  
I found the girls there, long legs and blond hair  
All getting set to make a mess out of my mind

Hey, eyes left

I got the hard word, you know where I hurt  
They say the miniskirt is coming back in style  
I say it's not fair but what do they care  
When you've got power then you use it for a while

Hey, eyes right

See the pretty pretty pretty girls in the street  
Down do be do do wop a do do wop a do do wop  
See them walkin' with their pretty shoes on their feet  
Down do be do do wop a do do wop a do do wop  
Down do be do do wop, wop

God, if you're up there, listen to my prayer  
In future man should have a different design  
Give him a switch so he can turn off his libido now  
Give him a tranquilizer built into his mind

Hey, eyes right

See the pretty pretty pretty girls in the street  
Down do be do do wop a do do wop a do do wop  
See them walkin' with their pretty shoes on their feet  
Down do be do do wop a do do wop a do do wop  
Down do be do do wop a do do wop a do do wop

Hey, eyes right

See the pretty pretty pretty girls in the street

Down do be do do wop a do do wop a do do wop  
See them walkin' with their pretty shoes on their feet  
Down do be do do wop a do do wop a do do wop  
Down do be do do wop, wop

Don't talk to me about women's liberation  
They already got their right just where it hurts  
Now here she comes just a-walk, just a-walkin' down  
the street  
Singin' down do be do do wop a do do wop, a do do  
wop  
Singin' down do be do do wop a do do wop, a do do  
wop

See the pretty pretty pretty girls in the street  
Down do be do do wop a do do wop, a do do wop  
See them walkin' with their pretty shoes on their feet  
Down do be do do wop a do do wop, a do do wop

See that pretty pretty pretty girls in the street  
Down do be do do wop a do do wop, a do do wop  
See them walkin' with their pretty shoes on their feet  
Down do be do do wop a do do wop, a do do wop  
Down do be do do wop, wop
