Sometimes you start feelin' so lost and lonely  
Then you'll find it's all been in your mind  
Sometimes you think someone is the one and only  
Can't you see, it could be you and me?

But if there's any doubt  
I think, I'll leave it out  
'Cause I'll tell you one thing

You can't get what you want  
Till you know what you want  
You can't get what you want  
Till you know what you want  
You can't get

Sometimes you keep busy, reaching out for something  
You don't care, there's always something there  
Sometimes you can't see that all you need is one thing  
If it's right, you could sleep at night

But it can take some time  
But at least I'm here in line  
'Cause I'll tell you one thing

You can't get what you want  
Till you know what you want  
You can't get what you want  
Till you know what you want

You can't get what you  
You can't get, you can't get  
You can't get, you can't get what you want
