I know you've been hurt before
But never say never, baby
Slow down, don't close the door
You've been waiting forever, baby
See I know your heart's been scarred
But you've come this far
So baby don't run away
I.. know you're close to giving up
I just want to give you love
And try to keep a smile on your face
So open your eyes & see that we belong together,baby
You'll be surprised to find that things can be much
better

I.. want to take you to a place
Where love is something more than you imagined,
yeah
I.. put it right in your face
Girl, it's yours
All you got to do is reach out and grab it
You waited all this time
You waited all this time
I put it right in your face
Girl, it's yours
All you got to do is reach out and grab it

You played your cards right into the broken heart
Baby, I'll never, I'd treat you like a treasure
It's not your fault, I know you took it hard
That was a mistake
For us it's never too late
You gave a lot when you were with him
Time to move on
You've just got to forget it

Cause baby, the sky is clear
The rain is gone, the sun is shining

I.. want to take you to a place
Where love is something more than you imagined,
yeah
I.. put it right in your face

Girl, it's yours
All you got to do is reach out and grab it
You waited all this time
You waited all this time
I put it right in your face
Girl, it's yours
All you got to do is reach out and grab it

You waited all this time (x3)
You waited all this

Come together girl
Enter this chance, yeah
There's nothing to be scared of
Just grab my hand
If you need someone by your side
With the love inside
Night or day, I'll be there
You know I care
Cause Iâ€¦

I want to take you to a place
Where love is something more than you imagined,
yeah
I.. put it right in your face
Girl, it's yours
All you got to do is reach out and grab it
