I don't already know what you thinking,
But I know what we're drinking
Let me put your night for drive
Cowing down on the road way,
Striping down on the highway,
Romance on the horizon

Can't see nothing but blur tonight,
Acting like it's your first time,
Girl I'm done with these games
And you need to get into my lane
Pushing into the red light
Hey, hey, hey

Girl I know that you want it
And you know where it going
Girl you know where it going
And you know â€¦?

Turn the lights off, put the top down
Are you ready for the fast life?
Turn the lights off, put the top down
Are you ready for the fast life?

?
â€¦ she has no reason but the city is ours,
Put the starlight in the starist, motion silence,
Everyone run and hide hey-hey

Can't see nothing but blur tonight,
Acting like it's your first time,
Girl I'm done with these games
And you need to get into my lane
Pushing into the red light
Hey, hey, hey

Girl I know that you want it
And you know where it going
Girl you know where it going
And you know â€¦?
Hey, hey, hey

Turn the lights off, put the top down
Are you ready for the fast life?
Turn the lights off, put the top down
Are you ready for the fast life?

Look!

Girl I know that you want it
And you know where it going
Girl you know where it going
And you know â€¦?

Turn the lights off, put the top down
Are you ready for the fast life?
Turn the lights off, put the top down
Are you ready for the fast life? (whole repeat)
