Everytime I think I'm closer to the heart  
Of what it means to know just who I am  
I think I've finally found a better place to start  
But no one ever seems to understand

I need to try to get to where you are  
Could it be you're not that far?

You're the voice I hear inside my head  
The reason that I'm singing  
I need to find you  
I gotta find you  
You're the missing piece I need  
The song inside of me  
I need to find you  
I gotta find you  
Oh yeah

You're the remedy I'm searchin' hard to find  
To fix the puzzle that I see inside  
Painting all my dreams the color of your smile  
When I find you it will be alright

I need to try to get to where you are  
Could it be you're not that far?

You're the voice I hear inside my head  
The reason that I'm singing  
I need to find you  
I gotta find you  
You're the missing piece I need  
The song inside of me  
I need to find you  
I gotta find you

Been feeling lost  
Cant find the words to say  
Spendin' all my time stuck in yesterday  
Where you are is where I wanna be  
Oh next to you, and you next to me  
Ohh...

I need to find you  
Yeah

You're the voice I hear inside my head  
The reason that I'm singing  
I need to find you (I need to find you)  
I gotta find you (yeah)  
Your the missing piece I need  
The song inside of me  
I need to find you  
I gotta find you(I gotta find you)

You're the voice I hear inside my head  
The reason that I'm singing  
I need to find you (I need to find you)  
I gotta find you (I gotta find you)  
Your the missing piece I need  
The song inside of me  
I need to find you  
I gotta find you  
Yeaeaahhh  
I gotta find you...
