It can be a rush

Yeah it's like a drug

When you give up love, it's never worth it

When you're fighting fear, it can be so clear

What you really need is each other

But I finally found the truth

I was using you

Every night that you're gone I swear it hurts

You're the atmosphere

And now you're gone I can't live

Tell me what to do

I feel the pain all over my body.

Was it the things I said?

Can I take them back?

Baby, cause without you there's nothing left of me

We could run away

We could change our fate

Baby, what can I do to show you I'm sorry?

Baby, what can I do to show you I'm sorry?

What can I do to show you I'm sorry?

You were in a rush

You forgot your stuff  
Said you had enough, now I feel worthless  
The only thing I had was a second chance  
What I really need is another  
But I finally found the truth  
I was using you  
Every night that you're gone I swear it hurts  
You're the atmosphere  
Now you're gone I can't live  
Tell me what to do  
I feel the pain all over my body.  
Was it the things I said?  
Can I take them back?  
Baby, cause without you there's nothing left of me  
We could run away  
We could change our fate  
Baby, what can I do to show you I'm sorry?  
I'm sorry babe  
What can I do to show you I'm sorry?  
Throw it away, Girl my heart is out of place  
This feeling is killing me  
Girl I promise I won't make the same mistakes  
Don't say "bye"  
I'm sorry (x 10)  
What can I do to show you I'm sorry?  
What can I do to show you I'm sorry?

Was it the things I said?

Baby tell me what I did

Baby, cause without you there's nothing left of me

We could run away

We could change our fate

Baby, what can I do to show you I'm sorry?

What can I do to show you I'm sorry?

What can I do to show you I'm sorry?

I'm sorry (x 3)

Sorry sorry baby

What can I do to show you I'm sorry?
