It can be a rush, yeah it's like a drug ,
When you give up love it's never worth it.
When you're fighting fear, it can be so clear,
What you really need is each other.

But i finally found the truth: I was using you.
Every night you're gone i swear it hurts
Feel the atmosphere, now you're gone i can't live,
Tell me what to do, i feel the pain all over my body.
Was it the things i said, can i take them back?
Baby, cause without you theres nothing left of me.
We can run away, we can change our fate,
Baby, what can i do to show you
I'm sorry? (3x)

You were in a rush, you forgot yourself,
Said you'd had enough, now i feel worthless.
The only thing i had was a second chance,
What i really need is another.

'Cause i finally found the truth: i was using you.
Every night you're gone i swear it hurts.

Feel the atmosphere, now you're gone, i can't live,
Tell me what to do, i feel the pain all over my body.
Was it the things i said, can i take them back?
Baby, 'cause without you theres nothing left of me.
We can run away, we can change our fate
Baby, what can i do to show you
I'm sorry? (3x)

Pulling away,
Girl, my heart is out of place
and i feel it killing me
I made a mistake,
Girl, i promise i won't make the same mistake twice,
don't say bye.

I'm sorry (repeat)
What can i do to show you i'm sorry
Was it the things i said, baby tell me what i did.
'Cause without you there's nothing left of me

We can run away, we can change our fate
Baby, what can i do to show you
I'm sorry? (repeat)
