I'm gonna go back out on the coast  
Where the California girls are really the most

(CHORUS)

They walk that walk  
They talk that talk  
They twist a-like this  
They shimmy  
A-don't you hear me  
Yes, they're out there having fun  
In the warm California sun

The girls are frisky in old Frisco  
A pretty little miss-a wherever you go

(CHORUS)

The girls are pretty in-a old LA  
And the good sunshine keep them all that way

(CHORUS)
