Feeling so close
I've a lump in my throat
My jacket wasn't meant to be touched
So don't touch it
It didn't happen that way, did it?
Tell me did it happen that way?

Sweat, sweat on lips, on lips, on lips, On sweat on back Tell me she didn't look me in the eye Please tell me she didn't look me in the eye

And the sweat surrounds us all Still we stand closer together I always do but I shouldn't bother

I need to watch the sparks made by the trains As they rattle on the deadbeat tracks I need to watch the sparks made by the trains As they rattle on the deadbeat

Sitting so close
I had a lump in my throat
My jacket wasn't meant to be touched
Why did they touch it?
It didn't happen that way
Did it? Yes but did you have to relive it?

And the sweat surrounds us all Still we stand closer together I always do but I shouldn't bother

I need to watch the sparks made by the trains
As they rattle on the deadbeat tracks
I need to watch the sparks made by the trains
As they rattle on the deadbeat tracks
I need to watch the sparks made by the trains
As they rattle on the deadbeat tracks
I need to watch the sparks made by the trains
As they rattle on the deadbeat tracks
I need to watch the sparks made by the trains
As they rattle on the deadbeat tracks
As they rattle on the deadbeat tracks

I need to watch the sparks made by the trains As they rattle on the deadbeat tracks
