When I woke you were gone
The room was empty
But the light was left on

You've got to let me know
The places that you go
Darling, if it's going to be
This thing, yeah baby you and me.

You've gotta tell me
Where do you go
Where do you go
You got to tell me
Where do you go
You gotta tell me
Where do you go

You've got to let me say,
The places that you stay baby,
If it's going to remain, this thing
Yeah me and you darling

You got to tell me
Where do you go
Where do you go
You got to tell me
Where do you go
You got to tell me
Where do you go
Where do you go
You got to tell me
You gotta tell me the places that you go
You've got to tell me girl
You've got to tell me girl

I don't want to make you cry
But, I've Been lying in our bed alone wondering why
And I don't want to make your pretty eyes weep

But, Baby, you got to tell me
Where do you go

Where do you go
You got to tell me
Where do you go
You got to tell me
Where do you go
Where do you go
You got to tell me
You got to tell me the places that you go
You've got to tell me girl
You've got to tell me girl
