Now girl, it's you
You got me wringin' my hands and cryin'
Now girl, it's you
You got me wringin' my hands and cryin'

I'm gettin' tired of it, baby
I'm gettin' tired of all your lies

Now girl, it's you
You got me walkin' across the floor
Girl, it's you
You got me walkin' across the floor

I'm gettin' tired of it, woman
I'm not gonna be your fool no more

You come home in the evenin'
You talkin' all night out of your head
Wake up in the mornin'
Don't remember a word you said

It's you, woman
You got me walkin' across the floor
I'm gettin' tired of it, baby
I'm not gonna be your fool no more, alright

Well, you come home in the evenin'
Talkin' out of your head
Wake up in the mornin'
Don't remember a word you said

You know what
You got me hangin' my hands and cryin'
I'm gettin' tired of it, baby
I'm gettin' tired of all your lies

Now girl, it's you
You got me doin' like never before
Now girl, it's you
You got me doin' like never before

I need to put you down, baby

I can't be your fool no more

Now girl, it's you

Now girl, it's you

Girl, it's you

Now girl, it's you

I got to put you down, baby

I just can't be your fool no more
