First kiss first touch first time you ever said it back  
When I close my eyes I still remember  
Too much too fast too good to ever make it last  
And when I woke up you were gone

Now I keep dreaming of falling back to sleep  
Cause I know you will be waiting there for me  
And every breath keeps me praying for the night  
Cause I know you're on the other side  
But I'm wide awake  
I'm wide awake since you went away  
I'm wide awake

Last hope last chance last time ever I felt alive  
Was before the morning pulled you under  
Tonight to close to lose the only thing that I  
Ever believed could save me now

Now I keep dreaming of falling back to sleep

Cause I know you will be waiting there for me  
And every breath keeps me praying for the night  
Cause I know you're on the other side  
But I'm wide awake  
But I'm wide awake

I'm wide awake  
I'm wide awake  
I can't escape  
I'm wide awake

Now I keep dreaming of falling back to sleep  
Cause I know you will be waiting there for me  
And every breath keeps me praying for the night  
Cause I know you're on the other side  
But I'm wide awake  
I'm wide awake since you went away  
I'm wide awake

But I'm wide awake  
I'm wide awake since you went away  
I'm wide awake

I'm wide awake
