The shiny beast of thought
If you got ears
You gotta listen
Old woman sweat
Young girls glisten
The extra act [?] you thought
is the extract [?] you got

Hop in a thought
Ex-extract [?]
D'you hear me?

Hope disa-heart drops [?]
Blue she right/wrote [?]
Drop by drop
Light by bright
Night by light
There ain't no good
'n' there ain't no blame
Not hip
Ain't no aim
You make the fault
You cause the blame
Devil the same
Hop in a thought
Ex-extract
Shiny beast of thought
You hang up
Now you' caught
If you got ears
You gotta listen
Old woman sweat
Young girls glisten
There's more than what you thought
Hop in a thought
The shiny beast of thought

Stand there bubblin' like an oven coal in the sun
Back is achin'
Work is never done
She's swinging a sponge on the end of a string

Right on the brink
She spills the ink down the sink
She's not bad
She's just genetically mean
She's not bad
She's just genetically mean
Don't you wish you never met her? [x3]
Dirty Blue Gene

She's swinging a sponge on the end of a string
Don't you wish you never met her? [x4]
She's not bad
She's just genetically mean
(fuck)
Dirty Blue Gene
Dirty [x3]
Dirty Blue Gene
She's
Not
Bad
