Nothing makes it move
From the bottom to the top
Does it start at the bottom?
Or does it start at the top

Magnet draw day from dark
Sun zoom spark
Sun zoom spark

Now which hand's got it?
Bottom, or the top?
Neither hand's got it
It's just got it
Hope it don't stop

Magnet draw day from dark
Sun zoom spark
Sun zoom spark

Think you can uh hold it
Once it start
I don't care who ya are or what
size ya are
I'm gonna magnetize ya

Magnet draw day from dark
Sun zoom spark
Sun zoom spark

Ohh, don't let it get away
I'm gonna zip up my guitar
'n then when I've gone too far
I'm gonna zip down my guitar

Magnet draw day from dark
Sun zoom spark
Sun zoom spark
