Driving' down the mass. pike 4 a.m.

Blue lights on behind it's my friend again

Scenery rushing by me i don't see anything

Headlong life is blinding you gonna find out in the end

Chorus:

Life at a glance

Your mind's in a trance

Life at a glance

Your life's just a chance

Life at a glance

It'll break your heart

Well i'm sitting here waiting for a change of heart

And it feels just like my car won't start

My hands are full of broken glass

My wasted time is in my past

Chorus.

Time has come for you and me

To use what really sets us free

We'll try on wings of thoughts and dreams

And run through times of rhymes and schemes

Chorus.

Someday i know we'll live the dreams we left so far
behind

You'll never know unless you try to see what's yours
and mine

Chorus.
