Your lifetime is the right time
To do what you got to do
Stand on your head, I don't care what you said
I'll be done when I'm through

Beat the clock, put it off
Take the cue from above
Take it back, don't need no slack
'Cause it's push comes to shove

Push, push comes to shove
Push, push comes to shove
Push, push comes to shove
Push, push comes to shove

You ladies and gents, get off the fence
You can feel that time is due
Take a running start
Feel the beat of my heart
Make some sense out of the zoo
Don't let it pass, it goes way too fast
It'll run right over you
You left behind some more of your time
Now it's time to change that tune
Cause it's

Push, push comes to shove
Push, push comes to shove
Push, push comes to shove
Push, push comes to shove

Dance, dance, dance on familiar ground
Or the floor where you've never been
One thing I know wether fast or slow
You won't get this chance again
Cause it's

Push, push comes to shove
Push, push comes to shove
Push, push comes to shove
Push, push comes to shove

Dance, dance, dance on familiar ground
Or the floor where you've never been
