(joe perry)

No one knows just how i feel tonight  
I can't get though the day without a fight  
I don't expect a thing that i don't take  
Hand to hand, to me it's make or break

Soldier of fortune  
Soldier of fortune  
{i'm a} soldier of fortune  
Soldier of fortune

Day to day, i start from going in  
At times i feel alone, i just can't win  
What i want, i take....it ain't no sin  
The strong survive, the weak....they never learn

Soldier of fortune  
Soldier of fortune  
{i'm a} soldier of fortune  
Soldier of fortune

They do drugs, they do speed  
I seen it all, it ain't no dream  
I seen the world that they tear apart  
One by one, they hit the dark {the dark}

Soldier of fortune  
Soldier of fortune  
{i'm a} soldier of fortune  
Soldier of fortune  
Show me your way

Soldier of fortune  
Soldier of fortune  
{i'm a} soldier of fortune  
{i'm a} soldier of fortune
