Conflict of interest, you're split right in two  
Your convictions lie between your shadow and you  
When I need your help and I'm heading your way  
Both of your halves turn the same shade of grey  
Conflict of interest

Here I am alone on the street  
With hundreds of people whose eyes never meet  
The looks that I get are to say the least strange  
This social disorder, some things never change

Take a number, get in line  
Hurry up and take your time  
Don't make waves, you'll do just fine  
Make sure your interests don't conflict with mine

And everyday's the same  
When you scream outrageous all I say is tame  
You stumble blindly, I don't really care  
Well, it's my street too, just stay outta my hair

Take a number, get in line  
Hurry up and take your time  
Don't make waves, you'll do just fine  
Make sure your interests don't conflict with mine

Well, to my jaded eyes everyday is the same  
When you scream outrageous all I say is tame  
You stumble blindly, I don't really care  
But it's my street too, stay outta my hair  
Conflict of interest

Take a number, get in line  
Hurry up and take your time  
Don't make waves, you'll do just fine  
Make sure your interests don't conflict with mine

Take a number, get in line  
Hurry up and take your time  
Don't make waves, you'll do just fine  
Make sure your interests don't conflict with mine

C'mon boys let's shake it up, yeah, yeah, yeah
