I've got too much sorrow
I feel too much pain
I won't see tomorrow, babe
If this stays the same

You treat things so lightly
You think it's a game
With me it's a nightmare
And the scenes never change

So here's a solution
We'll try it today
You're my salvation
So listen to me

Here's a solution
Try it today
You're my salvation
So listen to me

The mist is rising
And I'm chilled to the bone
The moon is still hiding there
I never felt so alone

Forget about prices
I don't need the gold
I want no advices
I just want you alone

So here's a solution
We'll try it today
You're my salvation
So listen to me

Here's a solution
We'll try it today
You're my salvation
So listen to me

The mist is rising
And I'm chilled to the bone

The moon is still hiding, babe
I've never felt so alone

I don't need the silver
I don't need the gold
I know about one thing
I just want you alone

So here's a solution
We'll try it today
You're my salvation
So listen to me

Here's a solution
Try it today
I knew what you're holding
You keep settin' me free
