I got a pile of love I keep it under my bed
You know it keep me safe when I'm dreamin
I got a pile of love I like to keep it all shiny
Sparkling and gleaming

I got a pile of love I like to keep it by the side of the
road
You know it keeps me safe when I'm driving
I got a pile of love I like to keep it in a drawer at my
desk at work
When I'm nine to fivin

You know I fell into a pile of love
You know I cannot get up
You know I fell into a pile of love
And now I can't get enough

I got a pile of love you know it's bigger than a pumpkin
It's sweeter than a cherry
I got a pile of love that when I say it's juicy
What I mean is very

I got a pile of love it keeps me fit as a fiddle it makes
me sharp as a tack
It leaves me fresh as a daisy
I got a pile of love that makes me so happy
It's driving me crazy

You know when I fall into a pile of love
You know I cannot get up
You know I fell into a pile of love
And now I can't get enough
