Well it hurts so much  
I scream out loud 'oh my god'  
Forbid you could've  
Left me out of your  
Wicked intentions  
Hateful fools deceive  
And I wish you had not been born  
While we have to meet

And I hope this isn't love

So carry on with your  
Cutting people down  
She may fall in love  
As he falls to the ground

And you never seem to care  
Of what we feel inside  
As long as no one gets near  
The safe's that you hide

And I hope this isn't love  
And I hope this isn't love

Last night I had the sweetest dream  
But you were nowhere near me  
That you could not cut me  
That you do not affect me  
That I had myself with you  
But that was just a dream  
That was just a dream

So go away why can't you leave me be  
Because I love your face and need for me  
So back to your rainy city for it suits you so well  
And if you ever, ever care  
That you'll never feel me  
That you would never tell me

And I hope this isn't love  
Isn't love
