Why you always being so mean?  
Why you always being so mean?  
Cause you'd think that you could see  
The pain you bring me now  
So why you always being so mean?

And why you always running your mouth?  
Why you always running your mouth?  
If you'd stopped to find it out  
You might understand by now  
So why you always running your mouth?

And why you always making me cry?  
Why you always making me cry?  
You look me in the eye  
And tell me all your lies  
So why you always making me cry?

Why you always gotta pick a fight  
Why you always have ta pick a fight  
If you were very bright  
You would end this thing tonight  
Why you always gotta pick a fight

Yeah, why you always looking so sweet?  
Why you always looking so sweet?  
You walk into the room  
And it brings me to my knees  
Yeah, so why you always looking so sweet?

Yeah, why you always making me stay?  
Why you always making me stay?  
If I only had a brain  
I would leave you right away  
Yeah, so why you always making me stay?

Oh, why can't I leave you behind?  
Why can't I leave you behind?  
Cause things would be just fine  
If I could get you off my mind  
So why you always leaving me behind?
